West Point Republican: Considerable excitement was on here for a few hours last Thursday when it was reported that the men who robbed the bank at South Sioux City that afternoon had passed through this city. The fact that four men in an automobile had bought gasoline here at Beacom's and then did not want to wait for their change, aroused suspicion on this party when the report came here a little later to the sheriff to look for the robbers. Hungerford has a wife and five children living in South Sioux City, Nebraska, the sheriff said. He lived in Sioux City while he worked at the wholesale house and had told his wife that he would bring the family over here as soon as he could locate a house. It is said he left his family with his folks. He has not been supporting his wife and children, the first wife told Jones. Hungerford became acquainted with Miss Margaret Simmons, who also worked for the hardware company. They disappeared at the same time, the sheriff said, and nothing was known of their whereabouts until friends of Miss Simmons received letters from her, in which she signed her name "Mrs. Clarence T. Hungerford." It is said Miss Simmons was totally ignorant of Hungerford's marital status. Deputy Sheriff James H. Jackson will leave for Minneapolis tonight to bring Hungerford here.

Lutheran Church Notes

By Rev. C. R. Lowe.

Last Sunday the annual congregational meeting was held as announced in spite of the fact that there was a small number in attendance. The officers elected are as follows: Two trustees, one for five years and one to fill the vacancy caused by the removal of J. B. Lake, vacancy for one year. C. W. Fisher and A. O. Sides were elected for the respective vacancies; one elder, G. W. Bates, and one deacon, H. E. Brown. The treasurer made the following report:

RECEIPTS.
Cash on hand Oct. 1, 1918. \$ 240 05
Paid on Budget 1232 50
By offerings 64 95

Total \$1536 50

EXPENDITURES.
Pastor's Salary \$1200 00
Local expenses 112 47
Cash on hand Oct. 1, 1919 224 03

Total \$1536 50

BENEVOLENCES.

Received \$ 372 74

Paid out 289 00

On hand 83 79

Reconstruction in War Zone. 93 00

\$83 on hand of the benevolence account has been forwarded to the treasurer of the synod to complete our quota for the year and make an excess of \$24.00. The benevolence quota of the Emmanuel church has been met and there is some excess.

An invitation was received by the Salem church from the St. John's church to worship with them next Sunday morning at the time of their missionfest. The matter was put up to the congregation and there was a unanimous vote to accept the invitation. We will have our Sunday school at ten o'clock sharp and then will go over to the other church to worship. Rev. August Spiekerman, a schoolmate of the pastor, will preach in English at that time. Let us have a large turn-out at that time.

The pastor will be absent at Chicago several days this week attending a meeting of the synodical committee on benevolence of the western part of the United States. He happens to be the chairman of the Nebraska Synod committee.

The Nebraska Synod will meet in Omaha next week, 8-10, and the Brotherhood meeting will meet the 7-8. So the pastor's time is pretty well scheduled for the next ten days.

It so happens that the meeting at Chicago coincides with the annual family reunion of the pastor which he has attended several times. This reunion also convenes at Chicago. We did not even hope to be there this year, but in as much as we are there in the city, no one will care if he spends a day at the reunion.

DAKOTA CITY SCHOOL NOTES

A. H. BRUNELLE, Principal

The first monthly teachers' meeting was held Monday afternoon. The study was begun of Morehouse's "The Discipline of School." It is expected that this book will be covered in the first semester, and some other book of practical pedagogy will be taken up the second semester. In addition to the discussion of this book, there was discussion of present problems in the Dakota City school.

Helen Phillips and May Messelieri have registered in the fourth grade.

Outplayed and outclassed, but fighting grimly to the last, the Ponca high school football team went down to defeat Friday before the onslaughts of Captain Antrim's huskies. The expected improvement in the backfield interference was evident, though much is still to be desired in that respect. The field was very windy, making forward passes almost impossible. The Ponca boys, however, got away with two passes, one of them as pretty a pass as could be desired. Dakota City's gains were made by line plunges and end runs, which netted yardage almost at will. The local team was never forced to punt nor was their goal ever in real danger. Ponca punted several times, but their punts failed to get away against the wind. Hansen of Dakota City executed some wonderful goal kicks, at difficult angles, and in a strong wind. The final score was, Dakota City 47, Ponca 0. The line-up was:

M. E. Church Notes

Rev. S. A. Draise, Pastor

The rainy day crowd was out to Sunday school last Sunday—about fifty in number. These are the real boosters that keep the wheels going. We regret very much to lose Mrs. Lee from the primary room. But we know she will find a place in South Sioux City where she will be just as helpful as she has been here. We just wonder who will take her place here. And Miss Helen Gray, who has been teaching the boys class during the vacation months, goes to Chicago to attend school—who will take the class, we wonder? Also Mrs. R. E. Evans and daughter Miss Anna, have left us and moved to Washington; Mrs. Evans has been a teacher in the Sunday school for many years, and Miss Anna, who has been our efficient secretary and organist—we sincerely regret their departure. How it would cheer the superintendent if some one would volunteer for service in these departments.

Next Sunday services: Sunday school at 10 o'clock. Preaching at 11 o'clock. Mid week meeting on Thursday evening at 8 o'clock. Everyone invited.

The Ladies Aid and some others were royally entertained at the S. A. Mason home last Friday. It was men's day also. Of course the men were not expected to have a part in the society business meeting—but the "rats"—Oh, my! A luncheon fine enough for a king, and the men were the kings, alright, with absolute power to rule and show authority in the realm of "adaptation to present conditions." Everybody is ready to go again, whenever the bell rings.

Mrs. Wm. P. Warner is the newly elected president of the society. Plans are already developed for a campaign of helpful activities which will bring uplift to the church.

FARM BUREAU NOTES

C. E. Young, County Agent

There are no farmers in the United States better qualified to compete for the field crop prizes offered by the Chicago International Live Stock show, than our farmers of Dakota county. The first prize on corn for our section is \$100.00, and there are sixteen prizes offered. Eastern Nebraska is in a district with Iowa, northern Illinois, northern Indiana, and northern Ohio. We will be glad to furnish full information to all desiring it and to assist those needing help in getting their exhibit ready to enter.

Farmers who will have to buy seed wheat for next spring's seeding will do well to look after a supply now. Some are already doing this. This office stands ready to assist in every way possible.

One of our farmers has asked the advisability of pasturing sheep on sweet clover. The Animal Husbandry Department of our State University says there is less danger from bloat with sheep than with cattle when pastured on the crop. They say ten sheep can be pastured on the same area on which one steer can be grazed.

Our dairy farmers who can find it convenient to do so, will find the attending of the National Dairy show in Chicago, October 6th to 12th, a very pleasant means of gaining information that can hardly be acquired elsewhere. This will be the crowning feature of the dairy industry this year.

Home Demonstration Notes

Miss Florence Atwood

Home Demonstration Agent

When our boys entered service and underwent the examination necessary for entering, some amazing facts were revealed to us. It is for some of these reasons that Promoters of General Welfare are endeavoring to encourage better health measures throughout the country.

Nebraska is at present supporting a Public Health nurse who will be in this county one week in October. The knowledge which she will bring to you, free of charge, save the infinitesimal tax which her salary represents, is knowledge that you would pay a fee for if you were to seek it in private consultation from medical men.

Modern medical science is toward the prevention of diseases and this nurse is interesting the public in health education. Will you be one to welcome her in our community and find out what she has for us?

Good Care Means Egg Production

Good care of pullets, which includes careful feeding and housing, is a requisite of winter egg production, according to the Poultry Husbandry Department, College of Agriculture. Early hatched pullets which have the proper care will be the ones which produce during November and December, when eggs are at their highest price. On account of the lack of bugs, insects and green feed in the winter, careful feeders substitute beef scrap or ground bone, or plenty of milk. For green feed, oats can be sprouted, if there are no cabbage, mangels or other root crops. Steamed alfalfa will also answer for green feed.

FRIENDS OF THE FARMER

The officers of this bank are real friends of the farmers of this community.

We welcome every opportunity to broaden our already large circle of acquaintances.

Don't go by the bank without stopping in for a chat.

We want to tell you about the advantages of carrying either a Savings or Checking Account or both, with us.
